

Hey there. Nitori here.

This technically isn't a chapter.
Skip it if you just want to read.

This is a collection of bonus art
that Nanaki uploaded in the App,
as well as in the ads promoting
each volume's release.

The ones in the ads are pretty
garbage tier quality, so you'll
just have to bear with it.

If you're a budding artist, feel
free to try to trace and redraw
them; the outlines and tones
are all there for you to copy.

I originally didn't want to post
these, but I figured why not,
it's the thought that counts.

Note that there may be duplicates,
since I'm not sure whether
some were uploaded already.

Helek

Helek is a small, fluffy, grey creature with large, round eyes and a small, pointed ear. It is looking up at a young girl with short, dark hair and a headband. The girl is holding a small, round object in her hand, and several small, round objects are floating in the air between them. The background is a simple, light-colored wall.
